

I USE

A Prayer for Alignment with Divine Intention

Oh Thou Eternal Spirit,
Guide me as I stand on Capricorn's mountain path,
where every stone beneath my feet becomes a lesson,
and every experience a resource for wiser ascent.

I affirm the power of I USE,
not as possession, but as the wise employment
of all that life places in my hands.

Grant me clarity to recognize my natural diplomacy
and my instinct to honor structure and authority—
not from fear or blind ambition,
but from the soul's aspiration toward mastery
and a higher station in consciousness.

Teach me to use these tendencies
with balance—
to see that my striving can uplift not
only myself
but my family, my community, and all life I touch.

May I make compassionate and dignified use of time,
talent, and experience. May I rise without stepping on
others.

May ambition serve integrity,
and may success unfold in harmony with universal
welfare.

Show me how to use all that I am
as a steady force for constructive good.

So, Shall It Be.
